DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114.

Applicant's submission filed on 10/25/2005 has been entered.

Allowable Subject Matter

2. Claims 1, 2, and 4-10 are allowed.

3. The following is an examiner's statement of reasons for allowance: The claims are allowable for the reasons given in the reasons for allowance mailed on 4/12/2005 namely the prior art provided by the applicant as well as that cited by the office does not teach a projector having all of a foot member disposed at the center of the front side of the casing, a clamp that engages with a plurality of engaging grooves formed on said foot member, and a manipulation button disposed at a corner which engages the clamp via a link mechanism. It is being understood that the center and corner of the projector are two separate locations. Only the JP3-20331 appears to read on the limitations of the button disposed at a corner and the foot disposed

in the center, however this reference does not appear to teach the plurality of engaging grooves and it would not be obvious to replace the spring mechanism with a groove system as it would require substantial changes in a linking mechanism. As shown in the cited prior art those projectors with foot members having the grooves generally disposed the button or switch in the immediate vicinity of the groove members. Accordingly since there is no teach in the prior art of all of the claimed limitations claim 1 is allowable. All other claims are dependent on claim 1 and are therefore allowable due to at least their dependency on allowable independent claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
